Concluding Statements

Hereby I confirm that I have prepared the motivation letter myself.

Hereby I confirm that I can cover my personal living expenses in Germany (approx. 600 EUR/month). The University of Bayreuth is not charging tuition fees, but a semester administration fee of approx. 100 EUR.

Hereby I state that I can not support my living expenses and apply for financial support. I understand that initial financial support does not entitle me for financial support for the entire study period. Financial support and extension of it depend on availability of funds and academic performance.

I understand that consideration of admission and financial support are dealt with in separate processes, and that admission does not guarantee financial support.

I understand that the original of the B.Sc. Diploma and a final transcript of my B.Sc. studies must be presented at the time of enrollment.
